

# Anchorage Community Standards

APTA

Alumni Information

City of Anchorage

Faculty & Staff

Anchorage School community launches lifelong learning by:

- Providing relevant, indepth and integrated learning.
- Promoting high academic standards, benchmarked nationally & internationally.
- Achieving mastery of fundamental skills in reading, writing & math.
- Allowing for individuallized instruction through small class sizes.
- Using technology as a tool for learning.
- Encouraging creativity and building problem-solving, critical thinking and communication skills.
- Offering a physically and emotionally safe environment.
- Providing a positive and focused learning environment.
- Providing a positive and focused learning environment through effective parent-teacher communication and partnerships.

To prepare successfull, independent learners for a global community.

These core values of our community of parents, teachers and families in Anchorage were achieved through focus groups with parents, faculy and community members as well as a survey to the entire community.
